

# ***PE Civil Exam Review Guide: Structural Depth Preview Edition***

## **Errata**

(updated 2/5/2021)

This document will be updated regularly.

### **CHAPTER 5:**

**(1) p. 5-5:** In the Example 5.1 problem statement,  $S_1 = 1.0$  should read  $S_s = 1.0$ .

**(2) p. 5-7:** In the answer choices A-D, all instances of  $I_n$  should appear as  $I_n$ .

**(3) p. 5-14:** In Example 5.10, there is an error that appears twice (in the problem statement and in the second sentence of the solution).  $\int c_T$  should appear as  $f_{ct}$ .
